Energy supply: The heating and hot water at Woodside Park N12 will be provided by a communal system powered by a communal gas supply. Residents will be billed as per their own usage and will not be able to change their provider individually.

Service charge: Payable to the Managing Agent (responsible for the day-to-day running of the building), Haus Block Management. On completion, service charge will be payable until the end of the quarter and paid quarterly thereafter. A Residents' Management Company (RMC) will be formed by the Managing Agent, of which all homeowners will become members; some homeowners may choose to become Directors of the RMC.

We endeavour to make our service charge budgets realistic, and the increases in energy costs in recent times have had a considerable impact. As a result, service charge budgets are currently higher than we would like them to be, however we prefer to make them as accurate as possible. Service charge will be reviewed annually based on actual spend.
